

# YEAR IN REVIEW 2023

## LEADERSHIP POWERING SCIENCE

Perspective Group provides **board and executive search** services for public and private biotech companies, across all stages, dedicated to **advancing human health**.

We specialize in connecting **innovative biotech companies** with accomplished leaders who optimize science and investment to create **groundbreaking medicines**.

We combine **in-depth industry knowledge**, broad personal networks, and a long collective history of advising biotech companies on **critical leadership and governance** decisions.

**Our values** reflect those of our clients, bringing communication, flexibility, transparency, **urgency, and creativity** to each engagement.
